Why St. Edith Catholic School?

We are not simply an alternative to public schools; we are a way to continue the teaching ministry of Jesus.

Dear Prospective Family,

The faculty and administration of St. Edith Catholic School thank you for your interest in our school. At St. Edith Catholic School, we believe that we all share Catholic faith and values. We provide an excellent formational and educational experience for all our young people. It is our goal to provide a process that nurtures the total academic spiritual and physical growth of each child.

We strive to carry out the mission of Catholic education: to bring your child closer to God while we learn, live, and grow together. Helping our students develop positive self-esteem and learn to love God, family, and neighbor is part of our ministry. The best way to accomplish these goals is through a cooperative effort between the school and home.

What makes St. Edith Catholic School and Catholic Schools unique?

- **A Safe and Structured Learning Environment** - Students learn best in an atmosphere where they feel safe, valued, and cared for.
